really a good set could also be had for Rs 5337 to serve the needs in this — Town. There is no information on the file to show that quotations were called for from the firms in this behalf. The present financial condition of the M.H.S. & the amount it has in the Treasury as on 1-6-42 may also be ascertained. What would be the recurring charges in this behalf and whether the location in the Hospital compound would not disturb the patients if any, in the Hospital may also be enquired. Why should not its installation be postponed till after the park is formed & why should not subscriptions be collected from well-to-do gentlemen to make up the balance amount?

4 The financial condition of this Municipality is anything but satisfactory. The installation of the radio set is however a necessity for the dissemination of correct information among the public regarding the course of war, price control measures and other ameliorative steps taken by the Govt. The Deputy Commissioner will be pleased to give some contribution to the purchase of Radio Sets by the Municipalities in Devanahalli Taluk

Sir

Subject:- Installation of Radio Set at Doddaballapur Town Municipality

With reference to your letter No L 11457 dated 6 6 1942 on the above subject I have the honour to state as follows

1 The Amildar President reports that quotations were called for from different firms and that the price quoted by Messrs Radio Sales and Service Laboratory Bangalore which in all amounts to Rs 535/- is the lowest

2 The amount at the credit of the municipality on 1-6 1942 was Rs 1236 1-9 Since the year 1941 42 is now closed the balance of the cost of Radio will have to be met either by reappropriation or from the Closing Balance in the current year's budget separately submitted to Government for sanction The recurring charges such as electric current and operating charges are proposed to be met out of Municipal funds along with its contingent expenses The Municipality has not definitely furnished information as to the actual monthly charges on this

3 The radio is proposed to be installed for the present in the Municipal building to the east of the New Bus Stand till the formation of the Park is completed The present spot is reported to be far away from the Hospital and hence there is no question of disturbance to the patients

4 The Amildar President reports that the formation of the Park is under progress but that the installation of the Radio cannot be deferred till the completetion of the work He urges that the people are eager to get reliable news and especially in the present international situation the broadcasting of correct war news through Radio is very desirable

5 The Amildar adds that the co-operation of the philanthropic gentlemen has been availed of as a result of which a sum of Rs 120/- has been collected He reports that further attempts are not promising

I request that in these circumstances sanction of Government may be kindly obtained to the purchase of Patta by the Doddaballapur Town Municipality and to meet the balance of cost thereof by reappropriation or from the Closing balance during the current year This is also one of the pending subjects in the Dewan's Tour Notes pertaining to this District
